INDEPENDENT AUDITORS' REPORT

Board of Directors
Ronald McDonald House Charities of Southwest Florida, Inc.
Fort Myers, Florida

We have audited the accompanying financial statements of Ronald McDonald House Charities of Southwest Florida, Inc. (a not-for-profit organization), which comprise the statement of financial position as of December 31, 2017, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the 2017 financial statements referred to above present fairly, in all material respects, the financial position of Ronald McDonald House Charities of Southwest Florida, Inc. as of December 31, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of Ronald McDonald House Charities of Southwest Florida, Inc. as of December 31, 2016, were audited by other auditors whose report dated July 20, 2017, expressed an unmodified opinion on those financial statements.

Notes to Financial Statements
December 31, 2017 and 2016

NOTE A – THE ORGANIZATION

Ronald McDonald House Charities of Southwest Florida, Inc. (the "Organization") is a not-for-profit corporation organized on September 23, 2003. The mission of the Organization is to provide temporary housing for seriously ill children and their families while the children are receiving treatment at nearby hospitals and to make grants to other not-for-profit organizations for the benefit of children in and around the local area.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Organization's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method of accounting, revenues are recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets that are based upon the existence or absence of donor-imposed restrictions: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Accounts Receivable

Accounts receivable consists of amounts owed by donors and partners and are stated at the amount management expected to be collected from the outstanding balance. All receivables are considered fully collectible, therefore, no allowance for uncollectible accounts has been recorded. The expense related to uncollectible accounts is recognized in the period in which a specific account is determined to be uncollectible. There was no bad debt expense for the years ended December 31, 2017 or 2016. All receivables owed by donors are expected to be received within one year.

Investments

Investments consist primarily of assets invested in marketable equity and debt securities and a beneficial interest in assets held by others. Investments are carried at fair value and realized, and unrealized gains and losses are reflected in the statement of activities.

Certificates of deposit are purchased with original maturity dates of over one year and are stated at cost plus accrued interest, which approximates fair value.

The Southwest Florida Community Foundation maintains an agency endowment (the "Ronald McDonald House Charities of Southwest Florida Fund") for the benefit of the Organization. The Organization has granted the Foundation variance power which gives the Foundation's Board of Directors the power to use the Fund for other purposes in certain circumstances. The Fund is subject to the Foundation's investment and spending policies.

Notes to Financial Statements
December 31, 2017 and 2016

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued)

Investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Property and Equipment

Property and equipment are recorded at cost, or if donated, at fair value at the time of donation. Additions and major renewals in excess of \$500 are capitalized. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. The cost of maintenance and repairs is expensed as incurred.

The Organization reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An impairment loss is recognized when the fair value of the asset is less than the carrying value. There were no impairment losses recognized in 2017 or 2016.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the "Code"). The Organization is a not-for-profit Florida corporation, and therefore, is not subject to state income taxes. Accordingly, no provision for income taxes has been made. The Organization is not considered a private foundation within the meaning of Section 509(a) of the Code.

Management has evaluated its tax positions and believes that all positions taken are well documented and supported and there no uncertain tax positions that are material to the financial statements. Therefore, no provision for uncertain tax positions has been recorded. If required, interest and penalties associated with uncertain tax positions would be recognized in income tax expense. Currently, the last three tax years are open and subject to examination by the Internal Revenue Service.

Compensated Absences

The Organization accumulates and records a liability for compensated absences accrued by employees. As of December 31, 2017, and 2016, unused leave in the amounts of \$16,847 and \$13,321, respectively, have been accrued and are included in accounts payable and accrued expenses in the statement of financial position.

Deferred Revenue

Deferred revenue consists primarily of 2018 and 2017 fund raising sponsorships received by the Organization prior to January 1, 2018 and 2017, respectively.

RONALD MCDONALD HOUSE CHARITIES OF SOUTHWEST FLORIDA, INC.

Notes to Financial Statements
December 31, 2017 and 2016

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

Substantially all of the Organization's assets and liabilities, excluding prepaid expenses, property and equipment and deferred revenue, are considered financial instruments. These assets and liabilities are reflected at fair value, or at carrying amounts that approximate fair value because of the short maturity of the instrument.

Revenues and Support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends, or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributed Services, Materials and Land

Contributed services, materials and land are recorded as contributions in the accompanying financial statements at their estimated fair value on the date of receipt. Contributions of services are recognized only if services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by the individual possessing those skills, and would typically be purchased if not provided by donation. For the years ended December 31, 2017 and 2016, the Organization recognized in-kind services in the amount of \$11,145 and \$726,877, respectively. For the years ended December 31, 2017 and 2016, the Organization recognized in-kind contributions of materials and supplies of \$44,049 and \$414,409, respectively. During the year ended December 31, 2016, the Organization's received donated land of \$230,052.

Cash Flows

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

The Organization made no cash payments for income tax or interest during the years ended December 31, 2017 or 2016.

Functional Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on a time study of employee duties and utilization of the facility.

Notes to Financial Statements
December 31, 2017 and 2016

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management’s Review

In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through July 13, 2018, the date that the financial statements were available to be issued.

Reclassifications

Certain reclassifications have been made to the 2016 financial statement presentation to correspond to the current year’s format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE C – OTHER INVESTMENTS

Other investments consisted of the following as of December 31,

	2017	2016
Equity securities	\$ 273,051	\$ 222,655
Mutual funds		
Equity	658,883	543,884
Fixed income	784,052	763,709
Corporate bonds	4,067	4,221
Beneficial interest in assets held by others	17,348	32,727
	<u>\$ 1,737,401</u>	<u>\$ 1,567,196</u>

NOTE D – FAIR VALUE MEASUREMENTS

Professional standards have established a framework for measuring fair value and that framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

RONALD MCDONALD HOUSE CHARITIES OF SOUTHWEST FLORIDA, INC.

Notes to Financial Statements
December 31, 2017 and 2016

NOTE D – FAIR VALUE MEASUREMENTS (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for *substantially the full term of the asset or liability*.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2017.

Equity securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – Valued using net asset value of shares held at year-end. The mutual funds held by the Organization are actively traded.

Corporate bonds – Valued using observable inputs such as the bond's par value, maturity dates, and related interest and discount rates.

Beneficial Interest in Assets Held by Others – Valued at the fair value of the Organization's share of the investment pool held by the Foundation as of the measurement date. The underlying investments held by the Foundation are valued with readily available prices or valued using net asset value of shares held that have a readily available market value.

The following tables set forth by level, within the fair value hierarchy, the Organization's assets at fair value:

Fair Value Measurements as of December 31, 2017
